ROTAVIRUS: DEADLY—YET PREVENTABLE.

Rotavirus is the most common cause of severe, dehydrating diarrhea and it is the leading culprit of the nearly two million unnecessary and preventable deaths each year.

Although all children around the world contract it, rotavirus is only a major problem in the developing world, where it annually claims more than half a million lives. The impact caused by severe diarrhea—from inaccessibility to clean water in rural areas to lack of access to health care in the poorest countries—showcases an unnatural gap. RVP is closing this gap for the children who need them most.

ROTAVIRUS

CLOSING THE GAP

2005 2006 2007 2008

"Accelerated vaccine introduction in low-resource countries like Nicaragua can only happen when the public and private sectors work together. Children in Nicaragua now have access to a rotavirus vaccine specifically because of the commitment of cross-sector partners."
 Dr. Juan José Amador
 Former General Director
 Ministry of Health, Nicaragua

"These trials are a most important step to determine whether live, oral rotavirus vaccines can play a key role in the prevention of morbidity and mortality from rotavirus throughout the world."
 Dr. Roger Glass
 Director, Equity-Inf. Centre
 US National Institutes of Health

- Phase 2 clinical trial of Africa. Data reveal that use with three doses was not interfere with the response of OPV when used.
- RVP and GSK launch Phase 3 clinical trial in Malawi to test safety and efficacy of Rotarix®.
- Data from Phase 2 clinical trial of Rotarix® in Bangladesh reveal significant immune responses among infants and that co-administration with OPV did not lower the polio immune response.
- GAVI Alliance approves RVP's Investment Case, pledging support for rotavirus vaccine introduction in low-resource countries.
- Scientific article "Rotavirus and severe childhood diarrhea" (Emerging Infectious Diseases, Vol. 12, No. 2) notes that, while global deaths due to diarrhea have decreased, hospitalizations attributable to rotavirus may have increased.
- Merck & Co., Inc., the Nicaraguan Ministry of Health, local NGO NicaSalud, and PATH collaborate to introduce Rotarix® in Nicaragua – the first time a vaccine is available in the public sector of a GAVI-eligible country during the same year it is licensed in the US.
- PATH and Merck & Co., Inc., launch Phase 3 clinical trials in Vietnam and Bangladesh to measure safety and efficacy of Rotarix® in Asia.
- PATH and Merck launch Phase 3 clinical trials in Kenya, Ghana, and Mali to measure safety and efficacy of Rotarix® in Africa.
- Disease burden data generated through rotavirus surveillance inform updated WHO estimates of global rotavirus disease burden – 527,000 childhood deaths per year.
- Clinical sites complete enrollment for safety and efficacy trials of Rotarix® in South Africa and Malawi.
- GAVI Alliance approves applications for rotavirus vaccine introduction support in Bolivia, Guyana, and Honduras.
- CDC and Pan American Health Organization (PAHO) initiate RVP, funded study to evaluate rotavirus vaccine effectiveness in Nicaragua.
- All clinical sites complete enrollment for safety and efficacy trials of Rotarix® in Kenya, Ghana, Mali, Bangladesh, and Vietnam.
- RVP launches Phase 4 population effectiveness study of Rotarix® in Bangladesh.
- CDC and PAHO initiate RVP-funded study to evaluate rotavirus vaccine effectiveness in El Salvador.
- PATH launches a global advocacy effort to renew interest in diarrheal disease control as a public health priority and maintain momentum to continue generating rotavirus data and introducing vaccine.

"Responses to oral vaccines are different in different environments. By bringing key partners together to find out how rotavirus vaccines will work in Asia and Africa, RVP is ensuring a real impact for children the world over."
 Dr. K. Zaman
 Principal Investigator...
 Rotavirus vaccine studies

Project: 4 panel informational brochure about the Rotavirus Vaccine Program

Four generations of proven results

Sholdt jewelry is designed, sold and created by a family that has been carrying on a legacy since 1935 when the company was founded. Their family-owned production facility allows them the freedom to develop their pieces creatively, while questions of construction and durability are answered by the craftsmen who will produce them.

20th Century design and architecture play a large role in Brian Sholdt's vision of jewelry design and has won him many honors and awards. Dustin's background stems from his 20+ years as a bench jeweler, and his hands-on knowledge of the medium and its possibilities. Tyler is focused on unparalleled sales and service that he has learned through the success of the generations. After 72 years and four generations, Sholdt has become an internationally recognized workshop for fine jewelry design and manufacture.

 SHOLDT

1424 Fourth Ave, # 331 Seattle, WA 98101
Tel: 206.623.2334 Fax: 206.682.6204 1.888.274.6538
www.sholdtdesign.com

 SHOLDT

INSPIRED STYLE WITH PROVEN ADVANTAGES.

Exclusivity in your market.

You will be the only source for Sholdt wedding rings within 25 miles of your retail location.

A commitment to independent jewelers.

You will never have to compete with "big box" national chains or online discounters, because we sell exclusively to boutiques and independents.

Flexible trade-in allowances for your inventory.

One-for-one stock balancing means you can order with confidence.

Complete in-house manufacturing.

Because every Sholdt ring is crafted in our Seattle workshop, you can be assured its construction, durability, and beauty are second to none.

Unprecedented sales support.

Get the answers you need, when you need them. Every person at Sholdt is intimately involved in the business and understands the techniques of jewelry making.

World-Class Design.

Renowned engagement ring designs that can be adjusted to fit your center stones. We make it easy to accommodate your customers and meet your key price points.

Beautiful and effective showcase displays.

Our complimentary showcase displays will increase both customer recognition and sales.

Personal service.

Fun and informative in-store training seminars, trunk shows, and creative marketing materials will give you the tools you need to sell confidently and consistently.

CRITICAL ISSUES

POVERTY

Every second child in the world lives in poverty.

EDUCATION

Only 37% of young Americans can locate Iraq or Saudi Arabia on a map of the Middle East.

POPULATION

Population growth causes 70% of deforestation worldwide.

CLIMATE CHANGE

Between 1970 and 2004, global greenhouse gas emissions rose over 70%.

GLOBAL ECONOMY

Over the past 40 years, trade has grown from 9.6% to 26% of the U.S. national economy.

SUSTAINABILITY

At its current rate, humanity will be using two planets' worth of natural resources by 2050.

CONFLICT

There are some 30 "high-intensity" wars raging around the planet—most between factions within states.

IT'S ALL CONNECTED

In a world where the lives of our neighbors next door are inextricably linked to those of our neighbors abroad, students need to understand the linkages between local and global issues and how they can personally help build positive and sustainable communities.

"[Facing the Future] is ahead of the curve in terms of its approach, its representation of the world in which we live, and its attempt to connect students to the material through action and service."
HS Science Teacher
Baton Rouge LA

"Before I didn't realize the problems in the world apart from those in North America, but now I realize the whole world is connected."
6th grade student
Seattle, WA

EFFECTIVE SOLUTIONS

INVEST IN THE FUTURE

Facing the Future, a 501(c)3 nonprofit organization, provides curriculum, teacher workshops, and service learning opportunities that inform, equip and inspire youth to address the critical issues of our time. Teachers, schools, and districts in 30 states and 42 countries use our programming because it is affordable, adaptable, and students love it.

From small farming towns to large urban centers to the far reaches of suburban America, students are equally enthusiastic about Facing the Future. This widespread usage means that by 2020, Facing the Future will reach over 12.5 million U.S. students each year.

AMI improves every stage of asset lifecycle management

THE ASSET LIFECYCLE

Asset lifecycle management is critical from cradle to grave. Best practices dictate starting asset tracking as early as possible.

Procurement and Receiving

AMI solutions begin asset tracking the moment an order is placed – recording that data immediately to your ITAM repository. Later, when assets are received and scanned, receiving dock personnel are instantly alerted of any discrepancies between receivables and purchase orders. Asset Managers are alerted of any exceptions to receiving data before it

AssetTrack™: The best IT asset tracking solution on the market

ASSETTRACK FOR IOS

AMI can deliver real advantages to improving IT hardware asset management through AssetTrack on iOS. Our mobile app can help lower costs, increase accuracy and software updates are fast and easy. A mobile ITAM app is ideal for lower volume areas such as service departments or changing the location of an asset within an office building, for example. For all these reasons and more, our clients have been asking for a mobile device option for AssetTrack and it's now available.

Licensing

Windows Embedded Licensing

Tools and OEM Preinstallations Kits (OPKs)

Runtime Licenses

For questions about our licensing, please email us or call: 1-888-820-4500

[GET MORE INFORMATION](#)

Bsquare's approach to licensing is straight forward: Listen to the customer, ask good questions. Find the best solution to meet the customer's needs. As an authorized value added provider of Windows embedded operating systems and tools, we can help customers find the right product and licensing plan for your embedded device.

Step #1 - Learn about the Embedded Channel from a Bsquare Licensing specialist >>

Step #2 - Select a device >>

Once you have your licensing plan, your Bsquare specialist will help you select the appropriate Microsoft Embedded OS and will arrange to get you the appropriate tools to start building your device image.

Step #3 - Buy a runtime license >>

For each device that you distribute or sell that contains a Windows Embedded image, you must purchase a runtime license. When you're ready to go to production, your Bsquare licensing specialist will work with you to secure the best possible pricing for your device volume.

Step #4 - Access to Bsquare and Microsoft Value Added programs >>

Bsquare and Microsoft both offer a variety of programs and services specifically for OEMs using the Embedded Channel. Some of these include product training and certification programs, technical support services, marketing programs, volume pricing programs, third party supply chain programs, Microsoft Embedded product roadmap reviews, newsgroups, a dedicated OEM extranet and many others. [Contact our Bsquare licensing specialists](#) to learn how you can take full advantage of these programs.

Solutions

MOBILE DEVICES

From the pain of the hand to the touch of a terminal, we enable OEMs to create devices with extended battery life, multiple connectivity options and interfaces that are easy to use and operate.

Case Study: Adobe® Flash™ Lite™ Ports to Android devices

Bsquare has engaged with multiple companies to port Adobe® Flash™ Lite™ to Google Android devices. In each case, the customer came to offer Adobe Flash Lite on an Android based device to give consumers access to compelling content and applications on the latest devices. Bsquare was selected for these projects because of its expertise with both Adobe Flash Lite and Android, a mobile device software based on the Open Linux kernel. Bsquare was also the vendor of choice because of its ability to consistently develop innovative technology solutions and its strong program management. Much for these devices to hit the market later in 2009.

Customer Quote:

"We believe that our value added products and services can improve the Android experience for users and help our customers get their devices to market faster." Brian Conway, president and CEO, Inquire

So you're ready to look at rings

The love of your life is one in a million, and you want to give her a ring she won't see on someone else's hand. You've come of the right place. When you select your diamond and ring individually, you'll be creating something truly special. Our Master Goldsmiths can even custom-design a one-of-a-kind ring right here in our store. Either way, the ring you slip on her finger will be as unique and precious as she is.

Now let's talk about diamond and rings. Together they're the whole package, but understanding the distinct elements of each will help you see the whole picture.

SINGLE-CLICK CHECKOUT | why us | developer zone | products | pricing & sign-up | about us

Why use Single-Click Checkout?

"Hands-down, Single-Click Checkout is the best credit card solution on the market"
— Motek Mobile

Make More Money, with the Highest Payouts in Mobile!

- With no carrier rev-share, you keep more money on each and every transaction.
- Single-Click transactions are processed across your own merchant account (Typical merchant account fees are 2.25% + .25). Single-Click Checkout fees range from \$0.05 – \$0.10 per transaction in addition to your processing fees. Need a merchant account? <link to payment processing>
- Single-Click Checkout users spend more money (\$10-\$12 on average) and have a higher lifetime value than user who pay with mobile operator billing methods.

Outstanding Conversion Rates

We've spent years building proprietary technology to optimize and improve the mobile checkout experience. This is a science, and we consistently achieve incredible results:

- The first time a user visits a Single-Click Checkout purchase page we have a 20% success rate. This is extremely high, considering the average success rate on a desktop website is 3-4% (Forrester).

We Power Transactions on Every Mobile Device

Sell your products or services on any mobile platform, substantially boosting your business and increasing your revenue.

- Single-Click Checkout works on any handset with a mobile browser.
- Any carrier, and device, anywhere in the world!

Users Shop With Ease Across Any Merchant

- End users only have to enter their credit card once and they can buy from any merchant globally.
- Once Single Click Checkout has a finger print on the device that user can shop from any merchant globally.

Innovative In-App Android Checkout

- Any Android app can call Single-Click Checkout and process a transaction in seconds.
- Single-Click Checkout manages the entire purchase experience: gathering the credit card data, single-click enabling the user, and depositing funds into the merchant's own merchant account.

PARTNER PLUS HIGHLIGHTS

PERKING: DO YOU KNOW HOW TO PICK THE RIGHT?
Your small business is growing, the market has a need for the product or service you're selling, and you're looking to expand your business. What could possibly go wrong? The answer is, a lot. If you don't have the right people. [Read More »](#)

TAKE ADVANTAGE OF AVAILABLE TAX SAVINGS
Under Section 179, businesses that spend less than \$50,000 a year on qualified equipment or property can expense up to \$10,000 in 2009. [Read More »](#)

CREATE YOUR MARKETING PLAN
Your marketing plan should be a clear, concise, and well thought out document that guides you through your marketing program. It should focus on the objective of your marketing and how you intend to accomplish that objective. [Read More »](#)

FIND YOUR HIGHEST POTENTIAL CUSTOMERS
The 80/20 rule - that 80 percent of your sales come from the top 20 percent of your customers - applies to most small businesses. [Read More »](#)

Nikki D. Kessling

Nikki Kessling's practice focuses on a wide variety of labor and employment concerns, including discrimination, wage and hour law, contract disputes, reductions in force, family and medical leave, compensation, and other workplace matters. Her litigation experience ranges from budget-sensitive single-plaintiff cases to large class actions. Nikki also counsels employees in developing policies, drafting agreements, and determining proactive ways to solve problems while avoiding litigation.

“Consectetur adipisicing elit, sed do at incididunt ut dolore magna ad minim veniam, quis nostrud exercitation Ut enim ad minim veniam, quis nostrud lamconspiciting elit.”

Nikki is admitted to practice in Texas and the Southern District of Texas. She also has participated in client meetings in California and Florida. Nikki began her legal career at the international firm of Jones Day, after 4½ years in January 2015 to join Meyer White LLC with a group of lawyers from Jones Day and other national firms.

Firm Philosophy Our Advantages

Philosophy

We created Meyer White LLC to meet the changing needs of our clients. From our offices in Los Angeles, Houston, Atlanta and Miami, Meyer White delivers state-of-the-art counsel nationwide that reflects the many ways in which the practice of law is evolving. All Meyer White attorneys are nationally recognized in their field and come from such top-tier firms as Jones Day and Ford & Harrison. From those traditions, we designed a new model and innovative methods to serve our clients.

Our practice is built on the belief that clients deserve results-driven counsel and straight forward advice. This belief permeates everything we do—from the structure and location of our offices to the way we reward our attorneys. Meyer White provides legal service which is adapted to today's financial realities and expectations. Quality, value, flexibility and results—Meyer White delivers a new kind of law firm for a new kind of world.

“Consectetur adipisicing elit, sed do at incididunt ut dolore magna ad minim veniam, quis nostrud exercitation Ut enim ad minim veniam, quis nostrud lamconspiciting elit.”

Workshops & Tools | Start Your Food Business | Expand Your Food Business | Knowledge Pantry | About Us

START YOUR FOOD BUSINESS
You know you can do it!
What type of small food business are you dreaming of? Learn what you need to make your food business dream a reality...and a success.

ALL TOPICS:

Home-Based Food Business
In a number of states around the US, it is now possible to start a home bakery or other small food business from your own kitchen. Collectively known as Cottage Food Laws, these regulations are a huge benefit to artisan food entrepreneurs due to significant cost and time savings as opposed to renting commercial kitchen space. That...

Food Truck or Other Mobile Food Business
Today mobile food businesses are booming in popularity with both entrepreneurs and customers alike. The flexibility a food truck, food cart, or even food bike offers in terms of being able to go to where customers are as opposed to waiting for customers to come to them, is just one of the reasons why cooks...

SMALL FOOD BUSINESS BOOKS

Food business books written specifically for artisan food entrepreneurs. Whether you're looking for the basics on how to start a part-time food business or a food truck, are looking for inspiration and advice from other food entrepreneurs, or are hoping to expand into selling wholesale to retailers, these books can help you get your dreams and goals underway. All books are available on Amazon in book and Kindle format unless otherwise noted.

Starting a Part-time Food Business
Whether you're slaving away in a cubicle dreaming of turning your mother's secret jam recipe into the next "It" food or wish you could turn your flare for flan into a moneymaking venture that doesn't conflict with your stay-at-home parenting responsibilities, it's possible to start and run a successful part-time food business. This comprehensive yet easy-to-understand book takes you step-by-step through everything you'll need to get your small food business up and running in no time.
[Click here for more information.](#)

Food On Wheels: The Complete Guide To Starting A Food Truck, Food Cart, or Other Mobile Food Business
Food trucks are hitting the streets from Miami to Maui but greasy reheated tacos and soggy burgers are a thing of the past. Today's mobile eateries have foodies flocking for gourmet bacon jam burgers, delicious Parisian-style crepes, and decadent handcrafted organic ice cream cones to name just a few. A less expensive alternative to opening a brick-and-mortar restaurant, food trucks, food carts, and even food bicycles can be started by anyone whether you're a trained chef or an amateur baker. If you've ever dreamed of jumping on the food truck bandwagon this book will provide you with all the information necessary to get you on the road.

BELLINGHAM FOOD BANK

FEEDING HUNGRY FAMILIES GETTING GREAT FOOD SHARING OUR WORK GETTING YOU INVOLVED

We feed 2,300 hungry families across Whatcom County every single week.

[LEARN HOW »](#)

It's hard to believe that in the land of plenty, so many families go hungry. In Whatcom county, fresh food is everywhere. And yet for many families, food is hard—if not impossible—to come by. We're putting an end to this.

For the past 40 years, we have served as a hub, connecting our neighbors and emergency food providers with a steady supply of nutritious groceries, fresh food and a smile.

I never thought I would need to use the food bank to feed my family. Six months ago I had a great job.

— new BFB client

Food4Tots Campaign Our Gleaning Project My Favorite Time of Year

Get the latest & greatest on fighting hunger in Whatcom County!

OUR FOOD BANK HOURS

Hours:
Monday: 11:30am - 3:00pm
Wednesday: 11:30am - 3:00pm & 5:00 - 7:00pm
Friday: 11:30am - 3:00pm

If you need food and live in Bellingham, we are here to help. Anyone living in Bellingham can visit our food bank once a week. You don't need to sign up in advance—just bring a recent piece of mail. For more information, email us at info@bellinghamfoodbank.org.

ADMINISTRATION OFFICE

Hours:
Monday - Friday
8:00am - 4:30pm

We're here all week. Have a question, food to drop off, want to make a donation? Come by and see us. We will be happy to help in any way we can. Email us at info@bellinghamfoodbank.org.

BELLINGHAM FOOD BANK

FEEDING HUNGRY FAMILIES GETTING GREAT FOOD SHARING OUR WORK GETTING YOU INVOLVED

Throughout Whatcom

We are a hub for our region, feeding hungry families throughout Whatcom County.

There is a network of nearly 30 food bank and meal programs in Whatcom and San Juan Counties and we help all of them feed their neighbors.

Lynden, Everson, and Lopez Island all have food banks. In fact, most towns in our region have a food bank that needs our support.

Each year, our warehouse receives, stores, and redistributes more than 2 million pounds of food to our hunger fighting partners across the region. That's enough food to fill up 5

"Bellingham Food Bank is like the mother ship of all the food banks in Whatcom County".

—Ferdale Food Bank Director

Each week, our food bank receives at least two semi-trucks loaded with food for us and food banks across Whatcom and San Juan Counties. When they are ready for it, we share it with them and they share it with hungry families in their town. This redistribution work takes staffing, space, and equipment. We are happy to do it because we believe Hunger is Unacceptable —everywhere.

Milk Money

Got milk? Not everyone does.

35% of our clients are kids and they need milk to grow up strong and healthy. We need to buy more than 700 half gallons of milk each week. Ecolabel Dairy sells milk to us at a great price—we need your help to buy it. Raise at least \$760 and become a Milk Money sponsor. Do you have what it takes to be a Milk Money Superhero?

"Before the Milk Money program, we usually ran out of milk within the first 30 minutes of being open. I'm thrilled things have changed for the better."

—Elleen, Food Bank Volunteer

Make a big difference to hundreds of hungry kids by becoming a Milk Money sponsor. If you think you can raise at least \$750, you'll get milk to hundreds of kids.
